Covid Update October 2020

Hi All.

It would appear for the moment we are back on track, within NSW any way. At this point shoot activities and competitions have resumed as per "normal". There is obviously still the requirement to follow Covid Safe Protocols which are outlined in the SCNSW Covid Guidelines and the SCNSW amendment to range orders documents.

SCNSW have revised the State selection and Championship program to close out the 2020 season.

The new Dates are as per the revised 2020 Calendar Document. Unfortunately, the State Championship has been reduced to 1 Day. Peter Kay the State Clay target director has some plans in development to make it a great day and the target numbers may be increased to 150.

The other considerations that were considered in developing the revised program were

- Summer Temperatures.
- The fact that we are extending into the Farming season for a lot of NSW.
- The existing program for club shoots in October and November is already congested.

With this in mind, we have come up with a plan that is as fair as possible for all. We appreciate it won't suit everybody but at least we are back in action.

I ask all shooters to stick to the rules, stay Covid safe, and lets get through the rest of year.

Regards

Andrew Fairfield-Smith.

President.
